College Vision and Mission

Vision

To be a leading institution ensuring Academic Excellence, Nurturing Research, Innovation and Entrepreneurial Attitude to produce employable technocrats for service to society.

Mission

1. To be a student centric institute imbining experiential, innovative and lifelong learning skills, addressing societal problems.
2. To create a conducive ecosystem for Research, Innovation & extension services.
3. To inculcate entrepreneurial attitude and values amongst Learners.
4. To collaborate with Industries and other institutions to strengthen symbiotic relations.
5. To inculcate high ethical and moral values among the students.

Department of Computer Science and Engineering

VISION OF THE DEPARTMENT

Our vision is to be a leading Computer Science and Engineering department that nurtures innovation, excellence, and ethical values & fosters creativity, critical thinking, and problem-solving skills in our students.

MISSION OF THE DEPARTMENT

1. To cultivate a culture of research and innovation, encouraging faculty and students to engage in cutting-edge research that advances the frontiers of computer science and engineering
2. To create a research and academic environment which will be driven by real-world challenges and will aim to address societal needs while contributing to the global body of knowledge.
3. To actively seek partnerships with leading technology companies and organizations to provide our students with opportunities for internships and industry-led projects.
4. To create a supportive and inclusive environment that values diversity, fosters collaboration, and promotes the well-being of our students, faculty, and staff.
5. To inculcate the cultivation of ethical values, professionalism, and a sense of social responsibility among our students.

Department of Computer Science and Engineering

PROGRAM EDUCATIONAL OBJECTIVES

PEO-1	To understand and analyze the basic mathematical and technical expertise required to acquire the skills in Computer Science.
PEO-2	To initiate and apply the computing techniques and algorithms through programming skills for problem solving in Computer Science and Engineering.
PEO-3	To analyse the process of computing and its applications by acquiring the expertise in the domains of computer science.
PEO-4	To communicate effectively with society, peers and to have ethical and integrated approach towards problem solving.

Department of Computer Science and Engineering

PROGRAM SPECIFIC OUTCOMES

PSO-1	The graduates will be able to apply the mathematical aspects of computer science in programming and software development life cycle and propose the effective design of computing system.
PSO-2	The graduates will acquire an ability of applying logical approach in computing and algorithmic problem solving methods.
PSO-3	The graduates will be able to analyse and understand the gap between requirements and needs of software solutions.

Prof K N Hande

Department of Information Technology

Programme Educational Objectives:

- To produce technically efficient manpower to cater the needs of IT Industry with sound fundamental knowledge.
- To develop graduates having abilities to design, develop and deploy solutions using emerging technologies.
- To use the acquired knowledge to help society and environment sensitively with professional ethics .

Program Specific Outcomes :

- Demonstrate logic development ability along with mathematical concepts to solve real world problems.
- Ability to understand the principles and working of computer systems, software engineering principles, database systems , Web technologies and a range of programming language with open source platforms relevant to IT Industry.
- Ability to work professionally in IT Industry and prepare for higher studies .

Department of Civil Engineering

PROGRAM OUTCOMES

- 1. Basic Fundamentals:** The students of civil engineering can apply the basic fundamentals and the practical knowledge for the various problems in civil engineering.
- 2. Problem Identification:** On the basis of review of literature and formulations analyze the complex engineering problems and solve the problems by using the various principles of the basic and engineering sciences.
- 3. Design solutions:** The basic design should solve the complex engineering problems and the various systems of the design components and processes meet the demand with appropriate consideration for the betterment of various public issues such as cultural, societal, health and safety.
- 4. Usages of modern tools:** Plan, select the available suitable technologies and proper resources of modern IT tools which will meet the standards with the limitations
- 5 Ethics:** Application of ethical principles to meet the ethical commitments with the various responsibilities and norms of the engineering practices.

Head

CIVIL Engg. Deptt.

Department of Civil Engineering

PROGRAM EDUCATIONAL OBJECTIVES

The various program educational objectives of the Civil Engineering are designed to produce skilled and dynamic engineers who are always ready to participate and effectively contribute towards the advancement of civil engineering profession and ready to handle the situation and challenges amongst them. They shall be able to:

1. Utilize the basic technical sense and knowledge with the skillful creative solutions and upcoming technical problems in various civil engineering domains,
2. Understand the problems and analyze as well, use the knowledge of design to formulate and solve civil engineering problems.
3. Understand the public issues related to the practice of civil engineering ethically being a individual or a team member, sort the problems and provide sustainable eco-friendly solutions.
4. Take higher qualification with research and development in civil engineering and connected areas for the betterment of society.

NEP implementation

College is conducting certified courses on multi- disciplinary subjects. Therefore, Institution drafted and offered many Certificate Courses for the students. College also made arrangement for ABC ID cards for students. Enabling students mobility. across Higher Education Institutions helps in seamless integration of skills and experiences. PBCOE has conduct various preparedness for NEP.

Institutional preparedness for NEP

1. Multidisciplinary / interdisciplinary	We use a choice-based credit system at our institute, which is affiliated with RTM Nagpur University. This system gives students the option to choose between programme electives and open electives. Interdisciplinary engineering students choose open electives in fields like waste management, consumer electronics, data science, Linux basics, etc. This enables the students to learn about engineering's cross-disciplinary fields. The academic programme also includes courses at the second and third year levels like "Universal Human Values," "Effective Technical Communication," and others that enable the combination of science and humanities courses in engineering. The institute's students routinely participate in project-based learning and choose topics that focus on environmental sustainability and community engagement.
2. Academic bank of credits (ABC):	During the most recent academic session, our Institute set up an account on Digi locker. The academic bank of credits registration process has been adopted by the institute. On the portal, around 900 pupils have registered for an ABC ID. We have chosen to enrol newly admitted students at the start of the current academic session, 2023-2024. Students now have a better understanding of why ABCID was created and how it will benefit them. This work is overseen by Dr. M. S. Chaudhari, Head of the IT Department, and he frequently follows up with all departments about the creation of the

	students' ABCIDs.
3. Skill development:	<p>To increase career chances, the institute offers a variety of training sessions that cover soft skills, technical skills, and aptitude skills through guest lectures, industrial visits, and technical workshops.</p> <p>The institute regularly offers its students soft skills training. The soft skill classes are occasionally incorporated into the standard course schedule.</p> <p>Campus Recruitment Training (CRT) is led by professionals from groups like Vista Mind, Face, TIME, and others.</p> <p>At the departmental level, certificate programmes in soft skills training and employment enhancement training are often offered. To increase students' employability, the Human Excellence Department conducts Campus to Corporate Training.</p> <p>The training and placement division plans and executes a variety of skill-development programmes to increase students' capabilities. Several enrichment initiatives, including workshops, seminars</p>
4. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)	<p>To increase career chances, the institute offers a variety of training sessions that cover soft skills, technical skills, and aptitude skills through guest lectures, industrial visits, and technical workshops.</p> <p>The institute regularly offers its students soft skills training. The soft skill classes are occasionally incorporated into the standard course schedule.</p> <p>Campus Recruitment Training (CRT) is led by professionals from groups like Vista Mind, Face, TIME, and others.</p> <p>At the departmental level, certificate programmes in soft skills training and employment enhancement training are often offered. To increase students' employability, the Human</p>

	<p>Excellence Department conducts Campus to Corporate Training.</p> <p>The training and placement division plans and executes a variety of skill-development programmes to increase students' capabilities.</p> <p>Several enrichment initiatives, including workshops, seminars,</p> <p>The College conducts programme like Yoga, Meditation, spiritual programme, traditional show with the theme of Indian Mythology to inculcate the traditional indian culture among students. The College has conducted online seminar on “Yogic Science in Geeta” a spiritual programme and Self Exploration Programme itself.</p> <p>Because it is a higher education institution, the college uses English as its major language of instruction. The difficulties that students have using English in class have also been observed by the university. Along with using a multilingual approach, teachers must also consider the socioeconomic, cultural, and linguistic backgrounds of their students. Additionally, it was found that the multilingual delivery strategy enhanced the students' receptive abilities. In the past, the college would hold essay competitions in Hindi, Marathi, or English. We offer the Value Added Course on "Ethical Science" to First Year students who have just been admitted. Through guest lectures, industrial visits, and technical workshops, the institute offers a variety of training courses for soft skills, technical skills, and aptitude skills.</p>
5. Focus on Outcome based	OBE stands for Outcome-Based Education, which is the

education (OBE):	process of defining specific learning outcomes (or competencies) that students should have achieved by the end of the learning experience, whether it be a course, program or degree. OBE places emphasis on what students should know, understand and be able to do, rather than just completing a set curriculum and accumulating course credits. The Institute has a well-defined vision and mission that aligns with OBE. Each department has well-defined Program Outreach Officers (PEOs) and Program Outcomes Officers (POs) that align with OBE. All departments are regularly mapping course outcomes and program outcomes. Attainment of Completion Objectives (CO) is implemented and calculated for all subjects in every semester. Direct and Indirect attainment parameters are rigorously monitored and continuously improving by each faculty. Any gap if any in attainment of CO is found out and is being bridged subsequently. OBE institute has clearly defined learning outcomes; academic processes aligned with outcomes; student-centric approach; carefully designed assessment methods; continuous improvement of students; flexibility and transparency; lifelong learning.
6. Distance education/online education:	Online learning, which provides flexibility, accessibility, and a variety of learning options, has grown significantly in significance and appeal in recent years. The use of Google Classroom, NPTEL video lectures, and other digital contents for academic delivery is a well-established practise at the institute. Students regularly receive lecture notes, a question bank, PowerPoint presentations, e-books, and homework in digital format. The institution employs a blended learning strategy. The majority of teaching and learning throughout

Academic Calendar

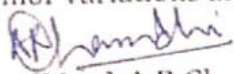

Academic Year 2022-23 (Even Sem)

Sixth and Eighth Semester

Month	Dates	Event
January 2023 (06 Working days)	23 rd	Commencement of Classes
February 2023 (21 Working days)	21 st to 22 nd	Submission of Assignment I
	24 th	"Amrutum" -College Gathering
March 2023 (22 Working Days)	1 st	Display of Attendance for January and February
	2 nd to 8 th	Class Assessment Test I
	13 th	Result of Class Assessment Test I
	14 th to 18 th	Remedial Classes
	18 th	Parents Meet
	27 th to 28 th	Submission of Assignment II
April 2023 (23 Working Days)	1 st to 6 th	Class Assessment Test II
	3 rd	Display of Attendance for March
	10 th	Result of Class Assessment Test II
	11 th to 15 th	Remedial Classes
	15 th	Evaluation of students projects by experts
	19 th to 24 th	Internal Practical Exam.
	24 th	Conclusion of class room teaching
	25 th to 29 th	Sessional Exam
May 2023 (23 Working Days)	2 nd	Display of Attendance for April
	2 nd to 6 th	Crash Course
	2 nd week	Commencement of University Exam
	4 th week	Academic Audit

Notes:

1. It is the responsibility of HoD to ensure the implementation of academic calendar in true spirit.
2. Time slot for remedial classes will be 9am to 10am and 5.00 pm to 6.00pm.
3. Technical activities like seminar/ expert lecture/ workshop/ aptitude test and Extra curricular activities like cultural, sports etc will be conducted on Saturdays from 3.00 pm to 5.00pm.
4. CAT I will be on I/II units, CAT II will be on III/IV units and Sessional exam will be on complete syllabus and will be as per University exam pattern.
5. It is the responsibility of Head and subject teacher to ensure that student should have minimum 75% attendance to appear for CAT I, CAT II and sessional examination. The head/class Incharge should communicate the parents of students having attendance less than 75%
6. During the semester certificate courses, add on courses, guest/expert lectures should be organized in the department as per the requirement.
7. Special efforts should be taken for advanced learners and slow learners at department level.
8. University Examination dates are subject to change.
9. Minor variations are permissible as per the requirements of program.

ANTI-RAGGING COMMITTEE

Ref No.: PBCOE/ADMIN/2022-23/ 290 E

Date: 21/06/2022

OFFICE ORDER

APPOINTMENT ORDER-ANTI RAGGING COMMITTEE

Subject: Constitution of Anti Ragging Committee as per AICTE regulations in Priyadarshini Bhagwati College of Engineering, Nagpur

Ref: AICTE notification dated 01-07-2009 regarding prevention and prohibition of Ragging in technical Institutions, Universities including Deemed to be Universities imparting technical education.

As per the AICTE regulations cited above, every institution University including Deemed to be University imparting technical education shall constitute a Committee to be known as the Anti-ragging Committee to be nominated and headed by the Head of the Institution, and consisting of representatives of civil and police administration, local media, Non Government Organizations involved in youth activities, representatives of faculty members, representatives of parents, representatives of students belonging to the fresher's category as well as senior students, non-teaching staff and shall have a diverse mix of membership in terms of level as well as gender.

Following these instruction of AICTE the undersigned has to inform that following committee has been constituted to prohibit, prevent and eliminate the scourge of ragging including any conduct by any student or students whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student or including in rowdy or undisciplined activities by any student or students which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in any fresher or any other student or asking any student to do any act which such student will not in the ordinary course do and which has the effect of causing or generating a sense of shame or torment or embarrassment so as to adversely affect the physique or psyche of such fresher or any other student, with or without an intent to derive a sadistic pleasure or showing off power, authority or superiority by a student over any fresher or any other student, in the institute, and thereby, to provide for the healthy development, physically and psychologically, of all students of the institute.

S. N.	Name of the Member	Designation	Profession/Associated with
1	Dr. N. K. Choudhari	Head	Principal of Institute
2	Shri Kishor Nagrale	Member	Varishta Police Nirikshak, Nandanwan Police Station
3	Shri. Anil Fekarikar	Member	Journalist, Dainik Tarun Bharat, Nagpur-Representative of Local Media
4	Shri. Ashok Yeole	Member	Prayas, Nagpur- Representative of Non Government Organization
5	Dr. A. C. Haldar	Member	Senior Faculty Member
6	Prof. R. K. Bhojar	Member	Faculty Member(I/C Anti Ragging Squad)
7	Mr. Ramesh Mogare	Member	Representative of Parent
8	Mr. Atharva Mogare	Member	Representative of Student Belonging to Fresher
9	Mr. Vallabh Kharwade	Member	Representative of Senior Student
10	Mr. Bhushan Latkar	Member	Representative from Non-Teaching Staff

It shall be the duty of Anti-ragging committee to ensure compliance with provisions of these Regulations as well as the provisions of any law for the time being in force concerning ragging; and also to monitor and oversee the performance of the Anti-Ragging Squad in prevention of ragging in the institute.

Internal Quality Assurance Cell (IQAC)

Ref No: PBCOE/ADMIN/2022-23/ 290 A

Date:21.06.2022

Objective

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Functions

- Development and application of quality benchmarks;
- Setting parameters for various academic and administrative activities of the institution;
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty development to adopt the required knowledge and technology for participatory teaching and learning process;
- Collection and analysis of feedback from all the stakeholders on quality-related institutional processes;
- Dissemination of information on various quality parameters to all the stakeholders;
- Organization of intra- and inter-institutional workshops and seminars on quality-related themes and promotion of quality circles;
- Documentation of various programmes/activities leading to quality improvement;
- Acting as a nodal agency of the institution for coordinating quality-related activities, including adoption and dissemination of the best practices;
- Development and maintenance of institutional database through MIS for the purpose of maintaining and enhancing institutional quality;
- Periodical conduct of Academic and Administrative Audits along with their follow-up activities; and
- Preparation and submission of the Annual Quality Assurance Report (AQAR) as per the guidelines and parameters of NAAC.
