## 1. Policy Document for Green campus

LOKMANYA TILAK JANKALYAN SHIKSHAN SANSTHA'S  
**PRIYADARSHINI BHAGWATI COLLEGE OF ENGINEERING**  
(NAAC ACCREDITED)  
Harpur Nagar, Umred Road, Nagpur - 440 024 (India) Tel. : +91-712-2710281, Fax : +91-712-2710283  
E-mail : principalpbcoe@gmail.com Website : www.pbcoe.edu.in

4. Activities on Water Conservation should be carried out from time to time to make the aware of conserving natural resources for the sustainability of the future generations.

**d) ECOFRIENDLY CAMPUS**

Green landscaping at PBCOE which is an alternative method of landscaping allows you to remain focused on its aesthetic quality without using the hazardous chemicals and harmful techniques associated with some traditional landscaping practices.

1. The campus of PBCOE is situated in the midst of luscious green landscapes with grass.
2. Generally, the mowed grass clippings are left ,because they turn into natural fertilizer. The clippings also keep soil and water rooted to the ground.
3. The grass debris is purposely kept far away from water pipes to avoid choking.
4. The rain harvested water is used for Irrigating New Plants, Annuals & perennials.
- 5 Our students sit around in the natural landscape shades, completing their assignments.
- 6 Green landscaping has proven to lower heating and cooling costs in the campus.

Dr.N.K.Choudhari  
Principal  
Priyadarshini Bhagwati College of Eng

**Report on Social Extension Activity**

Activity Name	Awareness program on "No to Plastic Bags"
Faculty Coordinator	M. D. B. Khadse, Mr. V. P. Gaikwad, Mr. D. V. Jamthe, Ms. D. Radke
Date	20-08-2019
Time	4.00 pm to 5.30 pm
No. of student attended	40
Activity Organized by	<b>Computer Science and Engineering Department</b>
Summary of Activity	<p>The usage of plastic bags has become a part of life style in the 20<sup>th</sup> century. People go empty handed to the shops and return with loads of plastic bags. The concerns of Plastic bags towards the environment are too huge to ignore. A plastic bag once thrown on the ground takes centuries together to degenerate. Since most of the plastic bags we use are not biodegradable, they would just break into small pieces and will never completely decompose into the earth. The garbage of plastic bags is the main culprit for blocking the drainage systems. The plastic bags left as a garbage would severely affect the wild life. Stray dogs and cows would eat them along with the food left in them</p> <p>Computer Science and Engineering departments identify this problem and conducted awareness program on "No to Plastic" at Budhwar Bazaar Market. Students of CSE Department communicated with many peoples in market and tell them how the plastics are not good for environment and also tell them avoid to use of plastic bags. Students of CSE department also provide Cotton bags those are carry plastic bags. Students also collect the plastic bags found in market and provide cotton bags. Students request to people carry cotton bags. Student also make the poster on " No to Plastic" and spread the awareness about the hazardous effect of plastic on the environment.</p> <p>Principal of Institute, Dr. N.K. Choudhari appreciate the efforts taken by students and expressed negative effects of poly bags and plastic and appealed to them not to use them. Head of Department Mr. K. N. Hande also motivates the students for avoid to use of poly-bags. Students from all semester actively participated in this activity. Faculty of CSE Department Mr.D.B.Khadse, Mr.V.P.Gaikwad, Ms.D.P.Radke, Mr.D.V.Jamthe coordinate and monitor this activity. The campaign turned out to be a great success.</p>
